Rhode-Island and the Foreign Appointments.

At the beginning of Mr. Buchanan's acministration, Stevens, from this State, was Governor of Washington Territory, Schneder, Minister to Sweden; and Steere, consul at Dundee. Now, notwithstanding Rhode Island has the only administration Senator from all New England, all of these appointments have been superseded by persoms selected from other States, and no others, of any importance, have been made from here, to compensate at all, for those which have been taken from us.

We saw these Rhode Island appointments superseded without much regret, he cause, we supposed that the eminent qualifications of Gov. Lawrence, for the place with the influence of Gov. Allen, would have recommended him to the President for the Mission to Berlin; and, that these removals were being made to give place to that appointment, which would have been ulike creditable to the State, and to the administration. And this, too, would have mucliorated something of the hestility of our people towards Gov. Allen, caused by his sacrilicing the interest of his State, and his own standing to gratify a dogzed, misguided, and sectional administration. But alas! Gov. Allen, has shared the fate of all others who surrender their self-control to wicked and designing men-Wright, of Indiana, a man who, has not given evi dence that he possesses the slightest qualification for the place, and who has already made himself socially obnoxious at that court, has received the appointment, 1: Gov. Allen had kept the control of himselt. he would have been in a position to have re reived the respect of the President, and then, any suggestion which he would have made, would have received due and propts consideration.

The Democratic party of Rhede Island in fact of all New England, do complain and they have the right to complain, of the intense devotion of the administration to "the peculiar institution;" and if an accasion should arise, when the administration should need their aid, they would give the President practical evidence of their disapprovel of the policy which overlooks such men as Cushing, Choate and Lawrence, and sends to one of the most enlightened courts of Europe such a man as Wright.

Gov. Lawrence is undoubtedly the best read in public law, of any man in the country of the Democratic party, and is the man above all others, whose qualifications for a prominent diplomatic position are now most apparent to the public. His edition of Wheaton's Law of Nations has recently been adopted, as a text book in the universities of Great Britain, and no doubt will soon be treated with the like consideration by the most enlightened States upon the continent. This work alone, would have been enough to have commended him to the favorable consideration of any Demo. eratic administration, except one where the rule seems to have been adopted to exciu e from appointment all men who are at all qualitied for office.

TT We perceive by the New York Sun day Courier, that the widow of William Heary Herbert (" Frank Forcester,") though only twenty years of age, has been twice married, having been divorced from her first husband, a dramatic actor. She is a native of Providence, Rhode Island, and the daughter of a formerly well known and wealthy citizen of that place, by the name of Budlong. Mrs. Herbert is of a decided ly independent turn of mind, and possesses in her own right a handsome fortune, which the inherited from her father. It is said she is about to make another gentleman happy (!) by another transfer of her virgin affections. It is only about two months since she became a widow by the suicide of her late husband.

THE UNEMPLOYED IN THE WESTERN CHIES .- Buffalo, Chicago, and other Westcra Cities, it appears, are overrun with la-borres and merchanics, who are unable to find employment. In the former place, last week, several hundred of this class paraded the streets, demanding "Work Bread." In Chicago, the demand for la bor by poor people has been so great that the Street Commissioners have been coa-bled to supply each man but two days in a bled to supply each man but two days in all metch, at seventy-five cents per day. It is now thought best to cut wages down to fifty cents, and put one-third more menion to city service. At fifty cents per day, says the Democrat, the city with be out. whelmed with applicants for later.

The New York pickpockets have adopted the plan of taking excursions to Staten Island. One who is a good swimmer fally overboard, to gather a sympathizing crowd to that his accomplices can operate. was tried the other day on board the Hunch-back, but the Captain having heard of the dodge, let the fellow remain in the water till he was almost drowned.

Stephen Bridges of Savoy, who has been insane since 1834, and confined in a cage or close nom for nearly the whole period at the residence of his son, died on the 25th ult., at the age of 83 years.

LOCAL NEWS.

FOUND,-The man picked up by the scheener James Neilson near Point Judith, BS mentioned in our paper of Priday, provedas we surmised, to be Robert Billington the missing man from South Kingstown,-Soon after leaving Newport on Thursday, a thick fog set in, and he drifted about, he knew not where, all night. He was unable to get to land on Friday, and on the rising of the north-easter on Friday night, was driven out as stated. When found, he had broken one of his oars, and had not tasted a mouthful of food from Thursday noon to Saturday morning. Mr. B. was an intemperate man, and had two jugs of the " ardent" with him in the boat. Whether or not be derived any "consolation" from these, we are not informed. He was taken of the James Neilson by schooner Albert Field and landed at Stonington on Thursday last, whence he footed it to his home in South Kingstown. He should consider himself a saved man, and eachew ever ofter any companionship with old " Alchy."

M. The members of the Society, and all persons interested in Horticulture, especially the Ladics, are invited to favor this exhibition with their presence and encouragement; also, to present such Fruits, Flowers and Vegetables, as will, in their judgment, help to make the exhibition attractive. The Hall will be open at 7 o'clock to receive articles for exhibition. All articles intended for exhibition must be placed upon the tables before 11 o'clock. Each article must be properly and distinctly la-

130 If we may be permitted to offer a suggestion to the gentlemen who assemble this evening to arrange for the celebration of the Fourth, it would be that a good, oldfashioned clam-bake, such as they had in Fall River last year, would add very much to the enjoyment of the day. With a little extra effort the matter might be arranged, and the tickets to the dinner put at prices which would be within the reach of all desiring to participate therein. Baked clams are a patriotic institution, and besides it is hardly reasonable to expect people to feel patriotic on an empty stomach.

SHIPWRECK IN THAMES STREET,-Saturday afternoon, as a load of sand was passing through the street in front of our office. the off axle broke short off and as a natural consequence down came the load. The teamster shouted "whoa" to his horses, a crowd collected to view the wreck and offer the usual amount of sage "advice" on such eccasions. A tip-cart was brought to the rescue, the disabled team unloaded, the crowd dispersed, and we get an item of the only "incident" worthy of recording in Newport during Saturday.

A gentleman had his packet rabbed of some loose change, and a gold ring worth about twenty dollars, while bothing at the beach, yesterday, about noon. There were two gentlemen bathing in company, and they fortunately left their watches and porket books at the Ocean Cottage before going in to bathe. Three persons who were seen in the vicinity at the time, were arrested on suspicion.

IF We had the extreme pleasure of drinking the first glass of Soda Water of the season drawn from Hazard & Caswell's fountain, in their store on Thames Street, last Saturday, and are unable to express its quality by words; but would advise our trriends one and all, to go and try it for themselves.

TO We have received from the publishers the June number of the ATLANTIC MONTH-Ly. It has the conclusion of "The Catacombs of Rome," and some thirteen other articles from various authors. Two ladies, abreast, take up the whole of our narrow sidewalks, leaving little roo a for others to pass without stepping off the curb stone into the street.

De By an advertisement, in another part of our paper, it will be seen that there will be a meeting of gentlemen this evening, for the purpose of making arrangements for the appropriate observance of the coming "Glorious Fourth" in connection with the address of the Mayor to the young.

FOURTH OF JULY.

We publish below the correspondence between his Honor the Mayor, and a Committee of gentlemen, in relation to his proposed address to the young. We are sure Col. Cranston will do justice to the subject, and advise every parent to see that his or her sons and daughters are present :

NEWPORT, R. L. June 18, 1858. To Hon, W. H. Chanston—Dear Sic:

Understanding that no appropriation would be made by the City Council, for the usual celebration of the Fourth of July, and religious to see the day pass unnoticed, the undersigned hope that your interest in whatever benefits the yound of our city will induce you to accept an invitation to address the young on that day, on the subject of Enlarged and Enlightened Liberty, as distinguished from Licease—a discriminal distinguished from Licease—a discriminal distinguished from Licease—a discriminal distinguished from Licease—a discriminal structed in.

PACKING UP .- We call the attentish of our citizens once more to the excellent stock of hooks at No 78 Tham street.-We understand it is Mr. Shirley's intention to commence picking up, preparatory to removal, this afternoon, not having been able to effect sales enough to pay his expenses. We wish it were otherwise; for such a collection of standard works is not often brought here and offered at such extremely low prices as these have been offered at the past three weeks. Those who can spare a few dollars-a very few will suffice-had lictter call and secure an armful of the "treasures" before it is too late.

ETWo have received from Werd's Book and Music Store the following pieces of sheet music, lately published by Russell & Riebardson, of Boston. Our music loving friends would do well to call into Mr. W.'s store and examine for themselves:

"Leaves from my Album," by John Freitag consists of five unfor and one minor piece composed for the young; they are all pretty and are excellent exercises.

'Air Beetagne," by A. Croisez, is a pretty lantaise:

"L'etoile," is a grand waltz, by Auguste Mortier. Mortier.
"Hungarian Mask Gallop," by Carl
Zerraha, is very good.
The "Lancers' Polka," by A. Scard, and
"The Breakfast Bell Polka," are both

pleasing.
"The Church Yard" and "Forth from

the depths of sadness," by Robert Franz, are two beautiful songs.

"Pensee logobre," by E. A. L. Coop;
"Nocturne," by F. Harbordt, and "Bercose," by Jules Egghard, are three pieces very much alike in style; we think the latter is rather the most brilliant.

"Petit moreau de Salon," by A. Croisez, is a simple rondo; "Marcia Giocosa," by Fred Miller, is good.

"Les Feuilles D'automne," by O. Marcillia, in the propose.

enithou, is a heautiful piece. The compositions of this composer are much admired.

"Polka des Langiers," by Maxime Al-

kan, is a polka made from the celebrated Lauciers quadrille, every one is familiar with.

"Matadoze chorus." This is a chorus from Verdi's celebreted opera La Traviata, arranged for the piano by Adolph Baumbalt.

"Parting hymn," by John Freitag, is a

pleasing hymn for female voices, it is inexercises.

nade by F. W. Smith, arranged for a quar-

tette.
"Weep not for me," is a pathetic song by Geo. Barker.
"Dew upon the flowers," is a good sacred song by Geo. O. Farmer.
"It Vessillo." The hanner of freedom, a popular Hymn composed by Gaeto Magaz-

zari Holognese to be sung by a single voice, or a chorus in unison, is altogether a grand affair; both the music and words are good. "Ina," or "Her smile was all sweetness," by Frederick linckley, is one of the most charming songs we have heard in a long

We have come to the conclusion that the "business season" in Newport has commenced, as we are informed there were nincteen persons, of both sexes, in custody of the Police, yesterday.

Stramer New Clifton will not resume her trips between Newport and Fall River till Wedgestlay next, when she will touch at Bristal both ways.

There is a great defliciency of corn, for seed, in Illinois, and a supply will have to be precured from the East. The farmers or precured from the last. The farmers have been obliged to plant two and three times on account of the rains, and now, having to plant again, are out of seed. \$1.50 per bushel is not considered a high price.

The thermometer, in this city, reached 50 degrees in the shade Saturday, and five children by death since March 18th, and is now left alone in the world.
